

Cornelius Roemer for University Council

The Council of the University of Cambridge is its principal executive and policy making body, having responsibility for the administration of the University, for the planning of its work, and for the management of its resources.

I'm a third year Physics undergrad student and running for the independent student's position on Council besides CUSU and GU Presidents who are automatically members.

EXPERIENCE

- Current Trinity JCR President (previously VP and Junior Steward)
- Student Rep in 3 different departments
- Captain of the 2nd University Men's Volleyball Team

MAIN POLICIES

- Call for student representation on all Council sub-committees
- Ensure students are consulted on important issues
- Put Student Welfare on University's Agenda
- Work on taught Master's courses
(surveys indicate need for improvement)
- Make sure that the extra money Colleges gets from Grad students' College fees are ring-fenced to improve Graduate provisions

I believe in working with the University but am not afraid to challenge it if it's in the students' interests. I have a lot of committee experience and intend to improve the student experience, both in the immediate future and in the long term.

I HAVE THE COMMITMENT AND EXPERIENCE TO REPRESENT STUDENTS PRODUCTIVELY AND EFFECTIVELY AT UNIVERSITY COUNCIL.
