- CamSU/ARU Pincident to understand discrimination in the community
- Work more with JCRs
- Boost participation in campaigns

Henry Wright 21

Likes: puns, transparency, democracy, a inclusive university and making change

Dislikes: global heating, spicy food and students' unions which don't stand up for students

talk less

- No more policies about non-student national issues we can't change
- Stop talking down to students in communications and allow people to make up their own minds
- New website to make navigating CamSU easier
- Make it clear which services we provide
