

Hi all,

My name is Diego Balassini, I am a first year Graduate Medicine student, and I am standing for the position of Mature Students' Officer for Cambridge Students Union.

My aim is to improve your university and learning experiences, by bringing your own thoughts and ideas to the attention of the University governing bodies.

As we all know, mature and postgraduate students are often forgotten or overlooked; I will ensure that the decisions taken are in your best interest and commit to making the improvements happen where you deem them necessary.

I will draw upon my previous experience as former Vice President of BioMedics' Society, the biggest student-led society at Queen Mary, University of London. Yet, I will have the chance to learn directly from you the best way to represent your interests and to let your voices be heard.

I will need your support, your feedback and participation. I would be honoured to have your vote, to represent you within the University, and make a positive difference on your Cambridge years.

Do not hesitate to give me a shout @ db810.

Thanks for your attention,

*Diego*
