For Students

- Create resources and provide better support for disabled freshers
- Campaign to change the idea that disability=failure at Cambridge
- Basic awareness about disability for non-disabled students, but also better services available for disabled students
- Create resources to advise students about their rights and the education they have a right to
- Frequently hold disabled students forums, but also have online support for suggestions on what could be done to improve the lives of disabled students

University-Wide

- Unite colleges to create a more unified and fair experience for disabled students
- Promote disabled communities and provide better disabled integration in societies
- Speak directly to colleges, facilities, shops, faculties and services about improving accessibility, rather than waiting for disabled students to be inconvenienced
- Create resources to educate supervisors on how to meet the needs of disabled students
- Fight for an alternative to the Uni4
